Checkoff California Month

I encourage everyone filing their California tax return this year to consider “checking off” a few boxes to fund some great causes.

By checking off one or more boxes of your choosing under the “Contributions” section, you are helping support crucial programs that benefit those in need. Since the program was launched in the state in 1984, Californians have generously contributed more than \$81 million. The check-off program is a fantastic way to make a positive difference in our state, and best of all, it is convenient and voluntary.

My gratitude goes out to everyone promoting Checkoff California Month for their efforts and desire to improve our quality of life. Thank you for your consideration, and I extend my best wishes for a successful 2008.

Sincerely,
