

GOVERNOR ARNOLD SCHWARZENEGGER

April 5, 2007

Checkoff California Day

I am delighted to offer my greetings to all those promoting and observing Checkoff California Day.

This campaign is a collaboration between twelve diverse funds that benefits the public and encourages California residents to donate to worthy causes. Since the check-off program was launched in the state in 1984, Californians have shown unparalleled generosity and contributed more than \$73 million.

I encourage all of California's taxpayers to consider "checking off" a few boxes that will benefit a fund of their choosing. This is a convenient and affordable way to make a real difference in the lives of many individuals. I commend all those involved with the Checkoff California campaign for promoting this valuable program.

Please accept my best wishes for a successful day.

Sincerely,

A handwritten signature in black ink, reading "Arnold Schwarzenegger".

Arnold Schwarzenegger
